REFERENCE

HIRWA JEAN ERIC
0780599859

PROFILE

I'm a passionate Full Stack Developer with a strong background in both frontend and backend development. I build responsive, user-friendly applications using technologies like JavaScript, Node.js, MongoDB, and modern frameworks. With hands-on experience from the SheCanCode bootcamp,Klab(TekHer Program) and academic projects at the University of Rwanda, I thrive in collaborative environments and love turning ideas into real, functional solutions.

WORK EXPERIENCE

TEKHER PROGRAM
KLAB
Dec 2024 - March 2025

Building full stack apps with JavaScript, Node.js, and modern frontend tools, focusing on real-world features like authentication, data management, and UI design.

APPRENTICESHIP
ENER POWER & Igire Rwanda Organization
Sept 2024 - Dec 2024

Gained practical experience in backend development using Node.js (TypeScript) and PostgreSQL while working on real-world projects with a collaborative team.

SHECANCODE BOOTCAMP
Igire Rwanda Organization
Feb 2024 - June 2024

Gained backend development skills at SheCanCode Bootcamp, working with Node.js, MongoDB, and RESTful APIs, and earned a certification as a Backend Developer.
